Fidel Évora

Born in Cidade da Praia (Cape Verde) in 1984, but grew up in Barreiro (Portugal). In 2004 he completed the technical course of image and communication at ETIC and in 2008 he took a Master in Motion Graphics at BAU Escola Superior de Disseny in Barcelona. Between 2004 and 2010 he worked as a Graphic Designer. He seeks to cultivate his taste for research and preservation of artifacts, recovering important memories for collective and personal identity; divided between these borders, he creates compositions between the real and the fictional, treading his own path, forging forgotten dialogues on purpose or unintentionally.
